introduction

hello, we are
the jennie walker archive

The Jennie Walker Archive specializes in the sale, rental and exhibition of rare designer vintage clothing, shoes and accessories. The archive sells through vintage markets, pop-up shops, online and through live selling. Working with a Hollywood rental house catering to top stylists, the archive rents their pieces to top celebrities. The archive is most known for having the largest vintage Moschino archive in the USA.

key areas

We have four key areas of operation to include sales, rental, exhibition and vintage wholesale. We launched our new reselling and vintage resale podcast, "I'm Not Old, I'm Archival with Jennie Walker" in January 2026.

- **Sales**

We specialize in in-store and vintage market pop-ups as well as online and live selling. In 2026, we will venture into vintage wholesale starting with our first Coterie market at the Javits Center.

- **Rental**

Our archive is represented by rental house Clothed LA in West Hollywood for celebrity stylists, whose clients wear our clothing for red carpet events, press tours, music videos and the like.

- **Exhibition**

Our extensive collection of vintage Moschino has been seen in the exhibit "Fab*U*lous! an Illustration of The Nanny Costumes by Brenda Cooper."

- **In-Store Activations / Pop-Up / Trunk Show**

Now offering in-store activations of our vintage archive. We can offer a mini exhibition of archival Moschino as well as a pop up you can shop.

in-store pop up

Greenwich, CT was the location of our first in-store vintage Moschino pop-up, which was held inside the award winning Roundabout Resale Couture. We are busy planning our Spring 2026 pop-up with Roundabout.

roundabout resale couture

We brought a sense of vintage style and fun to Greenwich, CT through our first instore pop-up at Roundabout Resale Couture. Fans of the brand came as well as curious customers to browse and buy. We were excited to see that mothers brought daughters passing on appreciation for the unique style that is Moschino.

about us

roundabout resale couture

Our curated pop-up of vintage Moschino included pieces from every decade of the brand, from the 1980s to 2000s and all four creative directors including Franco Moschino, Rossella Jardini, Jeremy Scott and Adrian Appiolaza.

manhattan vintage

We have sold our vintage archive through Manhattan Vintage shows since 2024. From 3-day weekend events to one day shows, we bring curated vintage to an eager browsing and buying public.

- **Vintage Moschino Archive**

We curate each show pulling from our Moschino archive, considered the largest working archive of the brand in the USA.

- **Curated Designer Vintage**

In addition to our vintage Moschino archive, we have unique pieces from brands like Yves Saint Laurent, Jean-Paul Gaultier, Gianni Versace, Chanel, Comme de Garcons, Romeo Gili and more.

- **Custom Sourcing**

At times our one of a kind pieces are not the right size. We offer sourcing for customers who need a different size.

not a normal market

We sell at the Not A Normal Market shows throughout the year. Here are a few images of our pop-up from the December Holiday vintage market at the former Manhattan Mall in Mid Town, Manhattan. Our vintage Moschino SHOP top and Alice & Olivia maxi skirt window display was one of the most instagramable images from the show.
